

A COLLISION.

Curious and Complicated Railroad Accident.

JERSEY CITY, N. J., Oct. 10.—Early in the morning an accident occurred on the Pennsylvania Railroad near Elizabeth. It appears that an extra train going east had become disabled by the breaking of a car journal when passing north Elizabeth. The operator at the station, noticing this, telegraphed to the station beyond, where the train was stopped. The engineer of the following train was informed of the accident, and, when his train came up within a short distance of the disabled train, he was directed to uncouple his engine and attach it to the disabled car and pull it to a siding. In doing this the disabled car was thrown slightly over on the west bound track, and the second section of express train No. 27, which leaves Jersey City at 5 a. m., bound west, came rushing by at the rate of thirty-five miles an hour. The engine of the express struck the disabled car and was thrown from the track on its side. The passengers on board were well shaken, but no one was seriously hurt. The engineer and fireman had miraculous escapes. The total damage to the engine and car will not exceed \$5,000.

A SIGNIFICANT EDITORIAL.

A Columbus Paper Asks a Significant Question.

COLUMBUS, O., Oct. 10.—The Dispatch this p. m. prints the following significant editorial: "If the Democrats have succeeded, as it seems probable at this writing, in getting control of the Supreme Court what is to become of the test case recently disposed of by that body under the Scott Law? The court has power to review itself and no lack of opportunities will be needed to enable them to do so. Those who laughed at Judge Okey and ridiculed his dissenting opinion, may yet live to see the Judge read it over this time as the law of the case. Upon this assumption we suppose a Democratic Legislature would speedily devise ways and means to refund the cash advanced to the State under the provision of the Scott law by the innocent and confiding saloonist. As the Prohibitionists have made the Democratic efforts a success in this particular, it is to be hoped that the collected wisdom of that tearful and patriotic band will so adjust matters under the new regime that the good work may go on with the best possible friction to the over-sensitive nerves of Judge Hoadly."

Going to Make Pictures of U. S. LONDON, Oct. 10.—Mr. Wallis Mackay, a special draughtsman on the staff of the Illustrated London News, sailed for New York on the city of Rome to-day to attend the first night of Henry Irving's engagement. Mr. Mackay is also commissioned to make sketches for a special series of supplements of the Illustrated News of the homes and surroundings of the financial and industrial millionaires of America.

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.
"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, MRS. ANN O'BRIEN."
148 Sullivan St., New York, June 24, 1882.

All persons interested are invited to call on Mrs. O'Brien; also upon the Rev. Z. P. Wilds of 78 East 34th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known writer on the Boston Herald, B. W. BALL, of Rochester, N. H., writes, June 7, 1882: "Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a complete cure. I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.
